

***A place for animals to call
“almost home” while they
wait for a forever family.***

Our County leadership has made a significant commitment to build a new Animal Shelter where every adoptable, healthy, well-behaved pet in need of a loving home will be provided one. The new Shelter will provide significant improvements for the care of unclaimed dogs, cats and livestock, as well as more visible and easier access for area citizens interested in adoption.

Now you can support **enhancements** and **expansions** to the new Animal Shelter, such as a livestock shelter, outdoor adoption visitation space, and an emergency vet fund, while also honoring the memory of a beloved pet, commemorating a special occasion or proclaiming your love and support of animals in need.
