

## Area Rescues and Animal Controls

Below is a chart with the Shelter and Animal Control information with the corresponding jurisdiction is it for. With owner surrenders and stray animals it is important to go to the correct jurisdiction. If a stray animal is found one county/city, it should not be taken to another one. That will decrease the chances of the Pet being reunited with their owners.

There are numerous rescue groups and animal service agencies across the region that may be able to help if you have problems or to answer questions. Below is a listing of many such resources. The Pittsylvania Pet Center is not necessarily affiliated with any of these agencies; they are listed for informational purposes only.
