Who are Alley Cat Allies?

Alley Cat Allies is the global engine of change for cats. We protect and improve cats' lives through our innovative, cutting-edge programs. We are seen around the world as a champion for the humane treatment of all cats.

We work toward a world where every cat is valued and protected and every community and shelter has policies and programs to save their lives.

When it comes to cat advocacy, Alley Cat Allies is working in communities to champion low-cost spay and neuter policies and programs, as well as lifesaving Trap-Neuter-Return (TNR) and Shelter-Neuter-Return (SNR). Once viewed as radical new concepts, these humane cat protocols are now mainstream. But we still have a lot of work to do to ensure policies and programs in every community serve the best interests of cats.
